### Principal's Message

Our Lord wants a relationship with you. He wants to make it personal. Just imagine how important your relationships are with other people: spouse, children, friends, Christians, coworkers, etc. Those connections are more important than your entertainment, your possessions, and your wealth. It does take effort to maintain them, but it is worth it. Likewise, the effort to connect with the Lord by listening, talking, and spending time with Him is so very important and eternally beneficial.

## Mrs. Szmanda: Grades 1-2

- In this week's Christ Light lessons are God Promises Abraham a Son and God Answers Abraham's Prayer. We learned that God keeps his promises and answers prayer. Our "star scopes" remind us to put our trust in God as Abraham did.
- We've enjoyed our apple unit (especially the apple treats!). We will finish it this week and move on to fall and pumpkins!

- In math we are comparing numbers and using candy corn for greater than and less than signs, among other things!

## Miss Buelow: Grades 3-4

- Group B has SHARE on Friday.
- We will be painting in art class on Friday. Please have your child wear or bring a shirt that may possibly get messy.

- If you have any questions, you can reach me at 414-550-7304 or [missbuelow@firstatthecross.com](mailto:missbuelow@firstatthecross.com).

## Mr. Glodowski: Grades 5-6

- The students are learning about the commandments in Catechism class. For each commandment they will learn what God commands us to do and not to do.
- We are talking about forces in science. We are also planning to create 2 stations for 6ft Trick or Treat in the park.

- We will talk about ancient China in history soon.
- We will have our first Meet Math competition on Friday. Hopefully we can repeat our success from last year.
- If you need anything, please contact me using text, call, or email. (608) 712-7759 [mrglodowski@firstatthecross.com](mailto:mrglodowski@firstatthecross.com)

## Mr. Falk: Grades 7-8

- Most of the students will be singing and also playing handbells at the 8:00 service on Sunday. We are rehearsing with Mrs. Baudais and Mrs. Nolte to get ready to praise the Lord.
- The students are being challenged in math to solve algebraic equations; some with two steps. This is almost as difficult as subtracting with negative integers.

- Our science lessons will start to focus on various kinds of rocks. It is great that our science storeroom is well stocked with many kinds of samples.
- Our all-day physical education class last Friday at the golf course went very well. For some students it was their first time ever playing on a real course.
